### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 18, 20 through 26, 29, 30 and 34 (re-numbered claims 1 through 11) of application number 09/778310 are allowable over the prior art of record in that the aluminum heat exchanger comprises first and second headers; at least one flattened tube extending between and in fluid communication with the headers and defining a plurality of generally parallel tube runs in spaced relation to one another; each tube runs having opposite edges defining a tube major dimension and interconnecting side walls defining a tube minor dimension and a plurality of interior ports; a plurality of plate fins arranged in a stack and each having a plurality of open ended tube run receiving slots, one for each tube run, each slot having a shape generally that of the cross section of the tube run to be received therein, a width equal to or just less than the minor dimension of the corresponding tube run and a depth somewhat less than the major dimension of the corresponding tube run; each tube run being nested with corresponding slots in the fins with one of the side walls of each tube run located outwardly of the slots in which it is received; and the headers, the tube runs and the fins comprising a brazed assembly; wherein the fins are curved at locations between the slots.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
